 01709 710847 **HEADTEACHER:** Miss Roper

# **SEND Policy**

**Approved by AIB; .....**

**Reviewed & Amended; September 2022**

## **Aims**

At Rawmarsh Ashwood Primary all pupils, regardless of their particular needs, are provided with inclusive teaching which will enable them to make the best possible progress and feel that they are a valued member of the wider school community. We expect that all pupils with SEND will meet or exceed the high expectations we set for them against national data and based on their age and starting points. We will use our best endeavours to give pupils with SEND the support they need, whilst having access to a broad and balanced curriculum. Working in partnership with families, it is our aim that pupils will become confident individuals able to make a successful transition on to the next phase of their education.

## **Objectives**

To ensure a clear process for identifying, assessing, planning, providing and reviewing for SEND pupils with the pupils and their parents/carers at the centre. To develop effective whole school provision management of support for pupils with special educational needs and disabilities. To deliver training and support for all staff working with pupils with SEND in order to develop our practice within the guidance set out in the Code of Practice, July 2014.

## **Identification of Needs**

The identification of SEN is embedded in the whole school process of monitoring the progress and development of all pupils. We recognise the benefits of early identification and making effective provision in improving the long-term outcomes for children with SEN. The purpose of identification is to work out what action the school needs to take, not to fit the pupil into a category. It is also important to identify the full range of needs, not simply the primary need of an individual pupil.

## **The Code of Practice refers to four broad areas of need:**

**Communication and interaction** - these children have a difficulty in communicating with others. This may be because they have difficulty saying what they want to, understanding what is being said to them or they do not understand or use social rules of communication. For example, children with Autistic Spectrum Disorders (ASD), including Asperger syndrome, are likely to have particular difficulties with social interaction. They may also experience difficulties with language, communication and imagination, which can impact on how they relate to others.

**Cognition and learning** - children with learning difficulties learn at a slower pace than their peers, even with appropriate differentiation. Learning difficulties cover a wide range of needs from moderate learning difficulties (MLD) to children with profound and multiple learning difficulties (PMLD). Specific learning difficulties (SpLD), affect one or more specific aspects of learning, such as dyslexia, dyscalculia and dyspraxia.

**Social, emotional and mental health difficulties** - children may experience a wide range of social and emotional difficulties which manifest themselves in many ways. These may include becoming withdrawn or isolated, as well displaying challenging, disruptive or disturbing behaviour. These behaviours may reflect underlying mental

health difficulties such as anxiety or depression, self-harming, eating disorders or physical symptoms that are medically unexplained. Other children may have disorders such as attention deficit disorder (ADD), attention deficit hyperactive disorder (ADHD) or attachment disorder.

**Sensory and/or physical needs** - some children require special educational provision because they have a disability which prevents or hinders them from making use of the educational facilities generally provided. Many children with vision impairment (VI), hearing impairment (HI) or a multi-sensory impairment (MSI) will require specialist support and /or equipment to access their learning.

### **A Graduated Approach to SEN Support**

How the school decides whether to make special educational provision A process of on-going teacher assessments and half-termly pupil progress meetings with the leadership team identifies those pupils making less than expected progress given their age and individual circumstances. The school's first response is high quality targeted teaching by the class teacher. Where progress continues to be less than expected, the class teacher will discuss their concerns with the SENDCO.

In deciding whether to make special educational provision, the teacher and SENDCO will consider all of the information gathered from within the school about the pupil's progress, alongside the views of parents/carers and pupils. During this stage extra teaching or interventions may be put in place as a pupil's response to such support can help to identify their particular needs. Particular care is taken when identifying and assessing SEN for children whose first language is not English. Where pupils have higher levels of need, and with parental permission, the school may to seek advice from external agencies.

#### **These agencies include:**

- Educational Psychology Service (EPS)
- Learning and Language Support (LLS)
- Speech and Language Therapy Service
- Social Emotional Mental Health team (SEMH)
- Autism Outreach Team
- Educational Welfare Team
- Children's Services
- School Nurse/Paediatric health team
- Child and Adolescent Mental Health Service (CAMHS)

If the support needed can be provided by adapting the school's core offer then a child might not be considered SEN or placed on the SEN register. If, however, the support required is different from or additional to what is ordinarily offered by the school, the child will be placed on the SEN register at Formal SEN support. The school will then seek to remove barriers to learning and put effective special educational provision in place. This begins a cycle of assess, plan, do, review with the child/young person at the centre of the process. Where a child and family would benefit from co-ordinated support from more than one agency an Early Help Assessment may be used to identify help required and to prevent needs escalating.

## **The four-part cycle:**

**Assess:** We will ensure that we regularly assess all pupils' needs so that each child's progress and development is carefully tracked compared to their peers and national expectations. We will listen to the views and experience of parents/carers and the pupil. In some cases we will draw on assessments and guidance from other education professionals e.g. Educational Psychologists (EP) and from health and social services.

**Plan:** Where SEND Support is required the teacher and SENDCO will put together a plan outlining the adjustments, interventions and support which will be put in place for the pupil as well as the expected impact on progress and outcomes, including a date when this will be reviewed. Targets for the pupil will be shared with her/him using child friendly language and with parents/carers. All staff who work with the pupil will be made aware of the plan.

**Do:** The class teacher is responsible for working with the pupil on a daily basis. She/he will also liaise closely with TAs or specialists who provide support set out in the plan and monitor the progress being made. The SENDCO will provide support, guidance and advice for the teacher.

**Review:** The plan including the impact of the support and interventions will be reviewed each term by the teacher, SENDCO, parent/carer and the pupil. This will inform the planning of next steps for a further period or where successful the removal of the pupil from SEN Support.

This four-part cycle through which earlier decisions and actions are revisited, refined and revised with a growing understanding of the pupil's needs and what supports the pupil in making good progress is known as the graduated approach. It draws on more detailed approaches and more specialist expertise in successive cycles

## **Parents/carers and pupil involvement in the process**

We believe in a person-centred approach to information gathering and the cycle of assess, plan, do, review. Termly reviews and target setting meetings are planned to coincide with parents' evenings where possible. Targets are shared with pupils and successes are celebrated

## **SEN Provision**

SEN support can take many forms. This could include:

- a graduated response
- an individual education plan (IEP)
- Learning Support Programme (created and reviewed by LSS)
- evidence based interventions
- extra help from a teacher or a teaching assistant
- making or changing materials, resources or equipment
- working with a child in a small group
- maintaining specialist equipment
- observing a child in class or at break and keeping records
- helping a child to take part in the class activities

- making sure that a child has understood things by encouraging them to ask questions and to try something they find difficult
- helping other children to work with a child, or play with them at break time
- supporting a child with physical or personal care difficulties, such as eating, getting around school safely, toileting or dressing

### **Managing the needs of Pupils on the SEND Register**

Each pupil with SEND is an individual and their plan is tailored to meet their particular needs. Plans are reviewed termly with parents and pupils. Decisions regarding the level of support provided are needs led, working within the constraints of the school budget

#### **The class teacher is responsible for:**

- the progress and development of all pupils including those with SEND
- ensuring the plan is implemented in the classroom
- regular liaison with parents and the SENDCO
- effective deployment of additional adults
- identifying on class planning the provision they are making for pupils with SEND
- supporting the SENDCO in the writing and reviewing of targets for pupils with SEND

#### **Teaching Assistants are responsible for:**

- ensuring that day to day provision is in place for the pupils they support
- implementing agreed strategies and programmes, and advice from specialists.
- record keeping
- resources
- maintaining specialist equipment
- regular communication with class teacher and SENDCO

#### **The SENDCO is responsible for:**

- the SEND policy and its implementation
- co-ordinating support for children with SEND
- updating the SEN register and maintaining individual pupil records · monitoring the quality of provision and impact of interventions
- attending network meetings and updating staff
- referrals to and liaison with outside agencies
- line managing TAs with responsibility for SEND
- liaising with and advising staff
- maintaining regular liaison with parents/carers
- co-ordinating annual reviews
- supporting staff in identifying pupils with SEN
- mapping provision throughout the school
- maintaining links and information sharing with receiving school

### **Criteria for removing pupils from the SEN Register**

When a child has made sufficient and sustained progress towards achieving their personal targets and it is felt that they are able to maintain this with quality first teaching, they may be removed from the SEN register. The school will continue to monitor pupils recently removed from the register to ensure good progress is maintained.

### **Requesting an Educational, Health and Care (EHC) needs assessment**

A small number of pupils, whose needs are complex and long term, may require a greater level of support than that provided at SEN Support from the school's own resources. For these pupils a request will be made to the local authority to conduct an assessment of education, health and care needs. This may result in an Education, Health and Care (EHC) plan being provided. This brings together the child's health and social care needs as well as their special educational needs.

### **Statements**

The Education, Health and Care (EHC) plan replaces what were formerly called statements of special educational needs. Children who currently have a statement will continue to maintain this until the transition is made to an EHC plan. Parents will be informed by the LA in advance of this transition review and will have an opportunity to discuss the process with the SENDCO

### **Supporting parents/carers and children**

We provide support in the following ways:

- the headteacher and SENDCO operate an open-door policy for parents/carers seeking support and advice.
- the Headteacher/SENDCo can signpost additional support/information available for families
- the dedicated SEND Governor (Paul Makin) who is available as a contact point
- additional time and special arrangements for SATs
- support for transition between classes
- a transition group for vulnerable Y6 pupils transferring to secondary school
- inviting the SENDCO of the receiving secondary school to the final Annual Review in year 6.

### **Monitoring and evaluation of SEND**

The head teacher and the SLT regularly monitor and evaluate the quality of provision for all pupils. The school aims to use interventions in school that have proven outcomes and are evidence based. The impact of SEND provision on the progress and outcomes for children on the SEN register is measured through:

- analysis of pupil tracking data and test results at pupil progress meetings
- progress against national data and based on their age and starting points.
- interventions baseline and exit data
- progress against individual targets

- pupils' work and interviews

The SENDCO maps provision for each class. Decisions are made as to whether specific interventions are proving to be effective in terms of impact, time spent on them and the finance used in providing them. Each year we review the needs of the cohort and if necessary, make changes to our provision.

### **The SEN Governor is responsible for**

- monitoring the effective implementation of the SEND policy
- liaising termly with the SENDCO
- reporting to the governing body on SEND
- ensuring that pupils with SEND participate fully in school activities

### **Training and Development**

Training needs are identified in response to the needs of pupils currently on the SEN register. The SENDCO attends network meetings to share good practice with colleagues in the Rotherham Authority and White Woods Primary Academy Trust and keeps up to date with SEND developments

### **Storing and Managing Information**

Pupil records and SEN information may be shared with staff working closely with SEN pupils to enable them to better meet the individual child's needs. We are grateful to parents for their information sharing and openness and respect their confidentiality. Pupil SEN files are kept securely on the staff area of the school intranet that requires a password to log into. Individual SEN files are transferred to receiving schools when pupils leave Rawmarsh Ashwood Primary School.

### **Reviewing the SEND Policy**

The SEND policy is reviewed annually by the governing body

### **Complaints**

We urge parents/carers with any concerns regarding the SEN policy or the provision made for their child at Rawmarsh Ashwood to speak to us as soon as possible. In the first instance, please speak to the class teacher or the SENDCO. If parents/carers feel their child's needs are still not being met they should make an appointment to see the head teacher.

### **Access to this policy**

You can get a copy of our policy in a number of ways:

- The school website
- A hard copy on request at the school office

Please let us know if you need this policy to be made available to you in a different format e.g. enlarged font or a language other than English.

## **Compliance**

This policy complies with the statutory requirement laid out in the SEND Code of Practice 0–25 (July 2014) and has been written with reference to the following related guidance and documents: Equality Act 2010: advice for schools DfE Feb 2013
